

GET THE MOST OUT OF YOUR EMAIL CAMPAIGNS

Use this checklist before you hit send.

Measurement Decide how to measure your results in relation to your goal)—()	Goal Define what you want to accomplish with your email. Examples include brand awareness, new product ideas or sales promotions.
(open rates, click-thrus, phone calls, etc.).		Audience
)—(Target people who are most likely to respond.
		Remove anyone from the list who is unlikely to be receptive.
Content		Confirm you have enough email sends in ESP®.
Make sure content is relevant to your audience and the time of year.		Purchase additional sends if you need them.
Stay consistent with your goal.		,
Send proof to yourself to check spelling, grammar and links.		
Notify your sales and customer service teams about the email and		Results
its content in case a customer calls.	\mathcal{H}	Check the reporting to see how your campaign performed.
		Ask yourself, "Did I meet my goal?" If not, why?
		Determine what you can do better for next time.
		Check the number of unsubscribes. If there were a lot:
		Reduce send frequency. Review message.
		Consider changing the audience.
